OUR GOAL,
Your Recovery

naspacmd.com

OUR VISION – To be transformative in improving all our patients lives, health and wellbeing, now and in the future.

OUR MISSION – To continue to strive towards delivering outstanding spine and pain care, providing clinical excellence, community based education programs and research endeavors to enhance the quality of life for all patients.

What We Do.

At North American Spine & Pain we are committed to providing you with the best, most effective, least invasive treatment plan available today.

Individualized Treatment Plans Include:

- Spinal Cord Stimulation
- Micro Discectomy
- MILD Procedure (Minimally Invasive Lumbar Decompression)
- Vertebral Augmentation & Kyphoplasty
- Trigger Point Injections
- Acupuncture & Holistic Medicine
- Medical Management (may include opioids)
- Epidural Injections
- Facet Joint Blocks
- Radiofrequency Ablation & Rhizotomy
- Botox Injections

Why Choose Us?

Our interventional spine and pain experts practice an interdisciplinary approach to your treatment.

Commonly Treated Pain Conditions:

- Cervical Spine Pain (neck)
- Thoracic Spine Pain (mid-back)
- Lumbar Spine Pain (low-back)
- Spinal Stenosis
- Sacroiliac Disorders
- Herniated Discs
- Sciatica
- Facet Mediated Low Back Pain
- Arthritis & Joint Pain
- Musculoskeletal Pain
- Headaches & Facial Pain
